

BERLIN, Germany – 31 October 2016

RNTS MEDIA N.V.

**Further Increase of Revenue Guidance for 2016 and
Q4 EBITDA Expected to be Positive**

RNTS Media N.V. (“RNTS”) upgrades the pro-forma revenue guidance for 2016 from more than €185m to more than €205m. This follows a prior Ad-hoc notification on 29 July 2016 in which the Group’s revenue outlook was already increased from more than €160m to more than €185m. The repeated increase reflects the dynamic development in the programmatic and real-time bidding activities of the Fyber RTB and Inneractive subsidiaries acquired in 2015 and 2016 respectively.

The increased revenue will translate into accelerated EBITDA improvement such that RNTS is now expected to reach EBITDA break-even in Q4 2016, under consideration of adjustments for separately disclosed items consistent with the Company’s recent financial reporting practice.

RNTS expects to upgrade previous 2017 guidance of more than €240m in revenues and a Q4 2017 EBITDA break-even after the current budget process has been finalized.
