

## **Status listing upgrade RNTS MEDIA N.V.**

**22 June 2015**

As previously communicated, RNTS Media N.V. ("RNTS Media") is planning to upgrade the listing of its shares from the Euro MTF to an EU regulated market.

The Company has made further progress in preparing the prospectus and the approval process with the competent Dutch regulator, the Authority for the Financial Markets (AFM), is underway. Subject to market conditions and customary approvals, the listing upgrade is expected in the third quarter of this year.

Following inquiries, RNTS Media confirms that it is currently not the intention to issue new or sell any existing shares.

### **About RNTS Media N.V.**

RNTS Media is a holding company focused on mobile advertising and digital content. Headquartered in Berlin, Germany, it owns *Fyber* and *Big Star Global*. *Fyber* is a leading mobile advertising technology company that's headquartered in Berlin and with an office in San Francisco. It helps app developers monetize their content by connecting them to 320+ million monthly users. *Big Star Global* is a Seoul, Korea, based developer of digital educational content for children. RNTS Media is listed on the Luxembourg Stock Exchange (EuroMTF Market). For more information, visit [rntsmedia.com](http://rntsmedia.com)
